I. BASIS OF ASSESSMENT OF MEMBER STATES' CONTRIBUTIONS TO UNIIMOG FOR THE PERIOD 1 APRIL 1990 TO 28 FEBRUARY 1991

A. Period from 1 April to 30 September 1990

1. Under General Assembly resolution 44/189 of 21 December 1989, the Secretary-General was authorized to enter into commitments for UNIIMOG at a rate not to exceed $6,401,333 gross ($6,237,333 net) per month for the six-month period from 1 April to 30 September 1990, inclusive, should the Security Council decide to continue the Group beyond the period of six months authorized under its resolution 642 (1989) of 29 September 1989, the said amount to be apportioned among Member States in accordance with the provisions of the scheme set out in resolution 43/232 of 1 March 1989 as adjusted by resolution 44/192 B of 21 December 1989. The General Assembly also decided that $10 million of the unencumbered balance in respect of the period from the inception of the Group on 9 August 1988 to 30 September 1989 should be credited to Member States against their assessments in respect of mandate periods for the 12 months subsequent to 31 March 1990.

2. By its resolution 651 (1990) of 29 March 1990, the Security Council decided to extend the mandate of UNIIMOG for a period of six months until 30 September 1990. Concurrently, the Advisory Committee on Administrative and Budgetary Questions (ACABQ) recommended that the level of commitments for the six-month period from 1 April to 30 September 1990 should total $29,800,000 gross ($29 million net) and that $5 million from the $10 million of the unencumbered balance of UNIIMOG as at 30 September 1989 authorized under General Assembly resolution 44/189 should be credited to Member States against their assessments for the current mandate period. The amounts so apportioned have now been appropriated by the General Assembly under the terms of its resolution 45/245 of 21 December 1990 and are reproduced in section IV of the present document.

B. Period from 1 October to 30 November 1990

3. Under General Assembly resolution 44/189 of 21 December 1989, the Secretary-General was also authorized to enter into commitments for UNIIMOG at a rate not to exceed $7,068,000 gross ($6,904,000 net) per month for the six-month period from 1 October 1990 to 31 March 1991, should the Security Council decide to continue the Military Observer Group beyond 30 September 1990.

4. By Security Council resolution 671 (1990) of 27 September 1990, the mandate of UNIIMOG was extended for a period of two months, that is, until 30 November 1990. Concurrently, ACABQ recommended that the level of commitments for the two-month period 1 October to 30 November 1990 should total $9,823,000 gross ($9,503,000 net). ACABQ also gave its concurrence for crediting Member States with an amount totalling $9,823,000 gross ($9,503,000 net) from the unencumbered balance of appropriations available

from prior mandates. This amount subsumes the outstanding $5 million required to be credited pursuant to General Assembly resolution 44/189.

5. The amounts so apportioned have now been appropriated by the General Assembly under the terms of its resolution 45/245 of 21 December 1990 and are reproduced in section V of the present document. 1/

C. Period from 1 December 1990 to 31 January 1991

6. By Security Council resolution 676 (1990) of 28 November 1990, the mandate of UNIIMOG was extended for a further period of two months, that is, until 31 January 1991. Under the terms of its resolution 45/245 of 21 December 1990, the General Assembly decided to appropriate to the Special Account an amount of $7,274,000 gross ($6,946,000 net) for the operation of UNIIMOG for the period from 1 December 1990 to 31 January 1991. It further decided that there should be set off against the apportionment among Member States their respective share in the unencumbered balance of $7,274,000 gross ($6,946,000 net) in respect of the period from 1 December 1990 to 31 January 1991, inclusive.

7. These amounts have now been apportioned among Member States for the period from 1 December 1990 to 31 January 1991 and are shown in section VI below. 1/ The apportionment was executed in two parts so as to take into account the provisions of General Assembly resolutions 44/192 B of 21 December 1989 and 45/245 of 21 December 1990.

8. General Assembly resolution 45/245 also provided for the distribution, in accordance with regulation 5.2 (c) of the Financial Regulations of the United Nations, of the contributions to UNIIMOG until 30 September 1990 of the two new Member States, Liechtenstein and Namibia. Accordingly, a total of $554 representing miscellaneous income was credited to Member States, to be set off against future assessments, if any. (See schedules VI and VIII below). These credits are being kept in a suspense account pending future application.

D. Period from 1 to 28 February 1991

9. Under General Assembly resolution 45/245 of 21 December 1990, the Secretary-General was authorized to enter into commitments for UNIIMOG at a rate not to exceed $3,475,000 gross ($3,269,000 net) per month, for the 12-month period from 1 February 1991 to 31 January 1992, inclusive, should the Security Council decide to continue the Group beyond the period of two months authorized under its resolution 676 (1990), the said amounts to be apportioned among Member States in accordance with the provisions of the scheme set out in resolution 43/232 of 1 March 1989 as adjusted by resolutions 44/192 B of 21 December 1989 and 45/245 of 21 December 1990.

10. By Security Council resolution 685 (1991) of 31 January 1991, the mandate of UNIIMOG was extended for a further period of one month, that is, until 28 February 1991. Concurrently, ACABQ recommended that the level of commitments for the one-month period from 1 to 28 February 1991 should total $2,384,000 gross ($2,178,000 net). It further recommended that an equivalent amount of $2,384,000 gross ($2,178,000 net) from the unencumbered balance of appropriations should be credited to Member States against their assessments for the current mandate period.

11. These amounts have now been apportioned among Member States for the period from 1 to 28 February 1991 and are shown in section VII below. 1/

E. Apportionment of the costs of peace-keeping operations

12. On 11 December 1973, the General Assembly adopted resolution 3101 (XXVIII) on the financing of the United Nations Emergency Fund (UNEF II). Under the resolution, the membership of the United Nations was divided into four groups: (a) the States permanent members of the Security Council; (b) specifically named economically developed Member States that are not permanent members of the Security Council; (c) economically less developed Member States; and (d) economically less developed Member States that were specifically named. The resolution also specified the amounts of the total appropriation to be distributed among each of the four groups.

13. The four amounts specified in the resolution were established by a methodology intended to produce the following results: the Member States in group D would pay 10 per cent of the assessment rates established for the regular budget, those in group C would pay 20 per cent, those in group B would pay 100 per cent and those in group A would pay 100 per cent plus the amounts not otherwise apportioned.

14. Within each group, according to the terms of resolution 3101 (XXVIII), the amount appropriated was to be distributed among the respective group members on the basis of the relative weight of each group member's regular rate of assessment in relation to the total rate for the group.

15. The scheme for the apportionment of costs set out in resolution 3101 (XXVIII) has continued to be applied since that time for all peace-keeping operations financed through assessed contributions, including UNIIMOG. However, the composition of the four groups of Member States has changed repeatedly since 1973 as a result of the admission of 26 new Member States, including Liechtenstein and Namibia in 1990, and the decisions contained in the various General Assembly resolutions, the latest of which is resolution 43/232 of 1 March 1989, as adjusted by resolutions 44/192 B of 21 December 1989 and 45/245 of 21 December 1990. The percentage shares shown in sections IV to VIII demonstrate the results of the application of the scheme, using the scale of assessments for the period 1989-1991, adopted by General Assembly resolution 43/223 A of 21 December 1988 and adjusted by resolution 45/256 B of 21 December 1990.

Notes

1/ The schedules for the credits from the unencumbered balance are not reproduced to avoid repetition of amounts identical to the respective assessments.

VIII. ASSESSMENT OF NEW MEMBER STATES

17. Under the terms of paragraphs 1 and 2 of General Assembly resolution 45/256 B of 21 December 1990, a rate of assessment of 0.01 per cent was established for Liechtenstein and Namibia for the years 1990 and 1991. For the year of admission, Liechtenstein was to contribute at the rate of one ninth, and Namibia one quarter, of the rate of assessment.

18. Paragraph 4 of the same resolution further provided that, in the case of appropriations or apportionments approved by the General Assembly for the financing of peace-keeping operations, the contributions of Liechtenstein and Namibia, as determined by the group of contributors to which they may be assigned by the Assembly, should be calculated in proportion to the calendar year. The group of contributors to which the new Member States should be assigned was established by General Assembly resolution 45/245. The contributions of Liechtenstein and Namibia are shown below:
